Enchanting one-of-a-kind cottage in ever-popular Norwood Park. Built in 1926 of hand-poured concrete blocks, this 3 BR/3 BA Tudor Revival has modern amenities yet overflowing with character, charm & history. Kitchen renovation by local artist Randy Shull. Locally-made, custom ironwork throughout. Current den could serve as bedroom with attached full bath on main level. Large, private deck off of upstairs main bedroom. Lovely, low-maintenance yard. Four super-efficient Mitsubishi mini-splits. Lower level studio space previously served as garage. See attachments for more historical info. This is a super-sweet and special place!
